Dear Dr. Gu :

Congratulations! Your scientific abstract has been accepted as a poster presentation at the 112th Scientific Assembly and Annual Meeting of the Radiological Society of North America, taking place November 29-December 3 in Chicago, Illinois. Of the more than 12,000 abstracts submitted, yours was selected as one of the top submissions invited to RSNA 2026.

Your abstract will be presented during the Poster Discussion Session on the day and time listed above. During this 30-minute discussion period, we ask that you, or at least one co-author, be available at your assigned computer monitor in the Learning Center to give an informal presentation and to answer questions from attendees interested in learning more about your abstract.

A separate email will be sent for an opportunity to add up to an additional six (6) co-authors to your author list.

PLEASE NOTE: This acceptance letter confirms that your abstract has been accepted for presentation. It does not serve as verification that you presented. Official recognition of participation requires that you attend the Annual Meeting in person and deliver your presentation at the scheduled time.
